**REGISTRAR, JNTUA, ANANTHAPURAMU**

**Detailed Conditions for the Bid**

- 1) The bidder should have been in the field of LED Lamps atleast for one year in the last 2 years and should produce a certificate to this extent from a reputed manufacturer.
- 2) The bidder should have completed atleast one LED lights project costing not less than 1.50 lakhs pertaining to any Govt. Department/Govt. Organization/University/Private institution etc., in anyone of the last 5 years.
- 3) It is mandatory that the bidder shall inspect the site, interact with the concerned officers in the University and prepare the project report duly referring to the site inspection
- 4) The bidder shall find a practical solution to correctly analyze the lighting load in the JNTUA Campus and savings that may result due to replacement of the existing lighting system with the LED lamps. The analysis report shall include

all details like estimate for cost of LED lighting system for JNTUA, maintenance cost (with life expectancy of each type of lamp) power savings etc., with all supporting documents.

- 5) The bidder will also be advised to note that the JNTUA has already installed one 200 KW Solar Plant and has plans to go in for further augmentation of the of the Solar power generation not only in Ananthapuramu Campus, but also in campuses of Kalikiri and Pulivendula.
- 6) The JNTUA will not pay/invest in the Project but only share the cost of savings in Energy bills now being paid to the APSPDCL department, for a certain period of time. The successful bidders financial income will be only from the share of the power saving cost. The bidder has to specify the Power Saving cost sharing ratio.
- 7) The successful bidder who undertakes the work shall be responsible for maintenance and safeguarding of the installed LED lamps from all possible losses/Thefts during the agreed period of contract.
- 8) The bidder shall also indicate a way out to close the contract in the event of JNTUA producing surplus solar power during the contract period.
- 9) The bidder shall indicate a viable period for manufacture and show detailed calculations.
- 10) The bidder shall drop, the project report including his quotation placed in a sealed cover, into the sealed tender box kept in the office of the Engineering Cell JNTUA Ananthapuramu.
