CIRCULAR

Sub: Students Must Have APAAR IDs from 2021 Batch Onwards to Register
for JNTUA Exam Notifications - Reg.

-oOo-

This is to inform you that JNTUA Exam branch has developed and integrated EMS system, ensuring that students without APAARIDs will be unable to register for any notifications related to the JNTUA examinations. As the exams are scheduled to begin on the 18th Nov 24, we have observed that, despite multiple reminders, some students have yet to upload their APAARIDs.

This integration applies specifically to students admitted from the 2021 batch onwards (2021, 2022, 2023, 2024, and henceforth). You can verify this by checking the student view model in your college portal, which will display the students who do not have APAARIDs. We have sent several circulars regarding this matter previously, and this is for your information.

We appreciate your cooperation.
